

Two Executives Join Fund Drive

ON LOAN . . . These four local businessmen have been loaned by their companies to work for United Crusade. Their task is to contact business and industrial firms on behalf of the fund raising effort. Seated are Mike McMinn (left) and Joseph Wilson; standing behind them are Jerry Cline (left) and Roscoe Gould. Wilson and McMinn are from Shell Oil, Gould is from Metropolitan Life Insurance, and Cline, Union Oil.

Four volunteers are now contacting local business and industrial firms in the Commerce and Industry Division of the 1968 United Crusade drive.

They are working in the Harbor area, which includes Carson, Gardena, Harbor City, Lomita, Palos Verdes, Rolling Hills, San Pedro, Torrance, and Wilmington.

All four are on loan from their companies to spend varying lengths of time working for the fund raising campaign.

TWO of them, Roscoe Gould of Metropolitan Life Insurance Company and Joseph Wilson of Shell Oil, are spending three months as loaned executives.

Jerry Cline of Union Oil is a campaign specialist spending one week with the Crusade, and Mike McMinn of Shell Oil is serving as both a campaign specialist and as a vice-chairman.

During the campaign, which lasts from early October through the end of November, nine campaign specialists and 25 vice-chairmen will spend a week or more working full time for United Crusade.

THIS is Cline's second year as a campaign specialist. He is a senior engineer with Union Oil in Wilmington.

Cline, his wife Ruth Elizabeth, and their children Valerie, 18, and Stephen, 13, live in Pasadena.

He is an alumnus of the University of California at Berkeley and Cornell University.

MIKE McMinn, a Lakewood resident, is an analyst for Shell Oil Co., in Wilmington. He attended the University of Pittsburgh and received his B.S. in management from Arizona State University.

Of the 234 United Way agencies and 12 American Red Cross chapters which receive funds from United Crusade, McMinn finds the Salvation Army services the most interesting.

These include Booth Memorial Hospital, Family Service Bureau, a day nursery, a youth center, and statewide service. The Family Service Bureau is located in San Pedro, and serves the entire Harbor area.

TO NEW YORK . . . H. Harold Lippard, president of the Torrance-Lomita Board of Realtors, and his wife Doris are pictured before boarding a flight to New York for the 61st annual convention of the National Association of Real Estate Boards. Lippard will represent the 600-plus members of the local board at the convention. During the year, the Torrance-Lomita board has averaged sales volume of \$3 million per month for a total of \$54,463,694 through the end of October.

Utility Slates Sale of Bonds

General Telephone Co. of California has a registered bidding, Ira L. Christensen, treasurer for the utility, has announced.

Net proceeds will be used to retire debts previously incurred for the company's construction program, Christensen stated.

Fansteel Forms New Division

The Advanced Structures division of Fansteel, Inc., has established an aerostuctures engineering group which will concentrate on the design, development, and application of advanced composite materials and structures, Fred F. Fletcher, division vice president, has announced.

The group will adapt composite technology to configurations proposed for current aircraft and jet engine programs such as the airbus and corresponding propulsion systems, Fletcher said. Operating within the Reflective Laminates unit of the division, the group will be under the direction of David Fernandez, assisted by Andrew M. Cecka and Ralph M. Verette. All were formerly associated with Aerojet General Corp. in senior engineering capacities.
